EXPOMIN – EPI Spec.File 5.0 CD

Environmental Protection, Inc. will introduce our newly published EPI Spec.File 5.0 CD to South America at EXPOMIN in Santiago, Chile.

This mining exposition will be held from April 20th to 24th at the EXPOMIN 2004 fairground (Centro de Eventos Espacio Riesco, Av. El Salto 5000 Huechuraba) in Santiago.

Fred Rohe will be attending EXPOMIN in conjunction with IGS Chile Ltda. and Filmtex. Jorge Reyes, President of IGS Chile Ltda. will coordinate a special presentation on Constructing with PVC Geomembranes by Mr. Rohe during one of the technical sessions of the conference. The short course will present the information required by engineers, contractors and consumers to design, specify and construct using PVC geomembranes in various mining and environmental applications.

Spec.File 5.0 was first introduced at the Golf Course Superintendents Association of America conference and show in

San Diego in February 2004. If you would like to receive your free personal copy of this outstanding technical resource, simply click on the CD photo above and fill out the

email request. You can also give us a call at 800-OK-LINER and we will be happy to send you a copy right away.

You can also pick up your personal copy of the CD at the IGS Chile Ltda. booth 13 in Pavilion 19. Representatives will be on hand to answer all your questions about geosynthetics and their uses in mining and environmental projects.

If you have any questions, contact us by email or by calling 1-800-OK-LINER, or from outside the USA phone 231-587-9108.
