EPI Updated Website

Environmental Protection, Inc.'s award winning web site has received a new facelift. New colors, new navigation aids, a more friendly way to get all the information you need about PVC geomembrane liners.

~

Need to find the EPI dealer nearest you? Check out our location maps at <http://www.geomembrane.com/CONTACTS/UScontactMap.htm>. Just click on the location nearest you. No dealer in your state? Give us a call directly; toll free at 800-655-4637. If your company is interested in selling PVC geomembranes in your local sales area, contact EPI for potential dealer information. We are always looking for qualified geosynthetics related companies to market our products.

~

Is it time for you to look into ordering liners for the cherry season? If so, contact EPI for the best pricing on food grade PVC cherry brine pit liners. We can supply you with liners for virtually any size brine pit.

EPI recently shipped 150,000 Square Feet of 36 mil Coolguard HR geomembrane to the oil fields of Kazakhstan. The material supplied to Texaco, was fabricated in our Mancelona facility, loaded in a container for ocean shipping, and sent to a freight forwarding company in Britain. The

10 Coolguard HR panels we re loaded on to a flatbed truck for overland transport from Britain to Kazakhstan. If you have a unique containment problem to solve, give us a call. EPI can supply specialized liners for unusual containment needs.

~

You can get more information on Coolguard HR and other specialty liners on our website at <http://www.geomembrane.com/Products/index.html> or call us anytime at 800-655-4637 or 231-587-9108.
