EPI Spring Training Schedule

EPI strives to continually stay involved in many educational and training opportunities in our industry. If we can assist your organization in any way with information or education about PVC geomembranes, please contact us any time.

Fred Rohe will be presenting the PGI short course on Fabrication and Installation of PVC Geomembranes to civil engineering students on April 3, 2002 at Michigan Technological University in Houghton, Michigan for Prof. Stanley Vitton

On April 10, 2002 Fred Rohe will be presenting the PGI short course on Fabrication and Installation of PVC geomembrane

liner for taping by the University of Illinois video production department at Urbana, IL. The PGI is developing a web based

video training program on PVC geomembrane design, manufacturing, fabrication, installation, and testing.

From April 19th to 28th, 2002 Fred and Dan Rohe will be visiting Filmtex, S.A. in Bogotá, Colombia, and many Filmtex dealers in South America. They will also travel to Ecuador on April 25 and 26 for special PVC presentations to Filmtex customers in Ecuador.

may 7 - 11 2002

Dan and Fred Rohe, along with Carlos Tchirout of Filmtex, will be attending the Expomin 2002 International Mining Exposition in Santiago, Chile. You can visit them at IGS Chile, LTDA, booth 71-1 in Pavilion #1 hosted by Mr. Jorge Reyes and Mr. Luis Paredes.
